Testimonial

*Once we decided to do our own snow removal & ice control, we needed someone to help freshen up our skills. Terry Chant was recommended by one of our customers. He met with us on several occasions to understand our requirements, designed and presented an in-class/hands-on training program to cover the safety & risk aspects, proper machine operation, etc. We were very pleased with his professionalism, course content and his delivery process to our employee's... **Carl Noseworthy**, (Manager), Collision Experts/Penney Automotive Group*
